PHILIPPINE AIR LINES DC6 SLEEPER PLANES TO THE FAR EASTANDEUROPE talks had been less susceptil. his discussions in Otlowa might have had a greater practical importance. When Britain and the United States are at odds. Canada is persuly involved and may even have to take up a position in support of one or other of them. But Mr. Churchill and Mr. Eden and their officials were able to report so the control of them. But Mr. Churchill and Mr. Eden and their officials were able to report so the control of the many men in against must at night and in the many men in the control of the control of the control of the many men in against must at night and in the control of t of them. But Mr. Churchill and Mr. Eden and their offi-cials were able to report so the rain track to the labour much agreement load. Washing-ton of at least on - or at least so much ment in the direction of ment - that the Chur-

movement in the direction of agreement — that the Churchill-st. Laurent telks were essentially a review of what had been done for Anglo-American solidarity. One point that was settled only, in the second stage of the Washington talks - after Churchill's return from GKawa was the vexed question of the Naval commond in the North Atlantic, which was of direct concern to Canada and was discussed with the Canadian Cabinet.

The basis of Mr. Churchill's argument was a difference of emphasis regarding the right way to conduct modern antisubmarine warfare. While Mr. Churchill's argument was a difference of emphasis regarding the right way to conduct modern antisubmarine warfare. While Mr. Churchill's argument was a difference of emphasis regarding the right way to conduct modern antisubmarine warfare. While Mr. Churchill's argument was a convey escorts as the most important part, American and Some British Naval opinios favour-ed to concentration on "hunter-fiffer" groups working to hunt down submarines: if the stress was on hunting operations, a unified command was needed for the whole Atlantic, while will enter the whole Atlantic, while if the emphasis was on convoy TEL AVIV. Sunday—Clerks

Shill WITH ISRAEL

The Basis of Mr. Churchill's argument was a difference of emphasis regarding the right way to conduct modern antisutors argument was a difference of the season of the same subject, any and research in other fields the proposal part of the whole Atlantic, while our caspensory are as lease and the control of the conocal for the whole Atlantic, while if the emphasis was on convoy TEL AVIV, Sunday.—Clerks protection, a division into in public accountants offices operational zones under different commands was as satisfactory now as during the last by the Histadrut that emmanding the last by the Histadrut that emmanding and the satisfactory now as during the last by the Histadrut that emmanded in the satisfactory now as during the last by the Histadrut that emmanded in the satisfactory now as during the last by the Histadrut that emmanded in the satisfactory has been war. The agreement reached and accountant of the satisfactory has been as the satisfactory has been accountant to the satisfactory h war. The agreement reached in Washington on Friday appears to go slong to a certain extent with Mr. Churchill's proposal to divide the Atlantic into two zones under British and American command respectively, as in the last war.

Besides this naval problem, the meetings in Ottawa as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well as in Washington are understood to have paid specially as well a

Besides this naval problem, the meetings in Ottawa as well as in Washington are understood to have paid spe-cial attention to other con-cerns of the North Atlantic eurrent proposals for turn-ing the Council of Deputies into a permanent Atlantic Council with deputies representing their Governments and empowered to take firm decisions. Associated with this is the scheme for coordinating all NATO organizations in a permanent secretariat with a permanent seat claser in London or Paris and with a permanent official as "Director" of the organization.

Canada has meanwhile deeldded to reject the suggestions for increased aid made by the so-called "Three Wise Men." It appears inevitable that when the Canadian reply reaches Mr. Harriman, Sir Edwin Plowden and M. Mennet in Paris, it will cause of adjusting itself to circumstance disappointment, as it canadian reply in the superiority of the human eye, in its capacity of adjusting itself to circumstances, over any instru-
